Rockall with Inclusive Ramp

- Interactive panels aiding fine motor skills
- Double sided tactile panels accessible from seated and standing positions
- Easy grip and grasp accessories

Wicksteed's brand new Quintessential Range

provides a multitude of play activities for children of all ages and abilities.

The inclusive Rockall provides an abundance of physical and sensory play opportunities to excite and unite children and young people, allowing them to play alongside their peers.

Accessories such as the Caldera Crawler, interactive play panels, which can be accessed from both standing and seated positions, wide accessible steps and wide slide, sit alongside environmental theming to inspire and educate.
