# Schedule of Main Modifications to South Derbyshire Submission Local Plan Part 1

**January 2016**

South Derbyshire Changing for the better

This document details the Councils proposed main modifications to the South Derbyshire Pre-Submission Local Plan Part 1.

This schedule supersedes all previous schedules of proposed modifications submitted by the council.

The proposed main modifications are listed in the order they appear in the Pre-Submission version of the Plan, with the exception of the policy maps which are grouped towards the end of the table. For each amendment, information on the proposed change and the reason for the change is given.

Modifications proposed are shown in bold and underlined, where text is proposed for removal it has been struck through, and any comments are in italics.

- **Insertion of text**
- ~~Removal of text~~
- *For information*

## Main Modifications

Updates to paragraph numbers are not included within the modifications table, however will be made to reflect the proposed changes within this modifications document and will run in chronological order.

Chapter 1: Introduction					
MM2	2	1.1	Decisions on planning issues affect everyone's lives. The Local Plan deals with the proposals for the amount and location of future housing, employment and infrastructure in its widest meaning for the period from <del>2008</del> <b>2011</b> to 2028 in a comprehensive and holistic manner. Having a plan in place will ensure that development does not come forward in a piecemeal manner but through a plan-led process.	Reflect the most up to date strategy.	SDDC
MM3	2	1.10	<p>The Local Plan is to be written in two parts as follows:</p> <p>Part 1 – <del>to cover the strategic housing and employment allocations. It also includes strategic plan policies and key development</del></p>	To address English Heritage and National Trust concerns about the need to provide clarity that all the policies in the Part 1 of the Plan were considered to be strategic.	Statement of Common Ground signed between English Heritage, National Trust and SDDC (SD/EX/17)

Modification Ref.	Document Page No.	Policy/ Paragraph/ Table	Modified text (deleted text shown as <del>struck through</del> , additional text shown in <b>bold</b> and SDDC comments shown in <i>italics</i> ). Modifications that arose through the Examination process are also <u>underlined</u> .	Reasons for modification	Source of modification (including representation no. if applicable)
			<del>management policies.</del> <b><u>Is the strategic part of the Plan. It contains strategic policies comprising of: housing and employment allocations, spatial policies and development management policies.</u></b>		
MM4	2	1.12	<p>The Local Plan Part 1 contains <b><u>strategic policies for the District:</u></b></p> <p>Chapters 1 and 2 – includes Introductions to the Local Plan and a Spatial Portrait, which describes the District.</p> <p>Chapter 3 – sets out the Vision for the District and strategic objectives that will enable the Vision to be met.</p> <p>Chapter 4 – includes <del>the strategic policies that set out the overarching</del> <b><u>spatial</u></b> policies for development in the District.</p> <p>Chapter 5 to 9 – includes <del>key</del> development management policies.</p>	To address English Heritage and National Trust concerns about the need to provide clarity that all the policies in the Part 1 of the Plan were considered to be strategic.	Statement of Common Ground signed between English Heritage, National Trust and SDDC (SD/EX/17)
MM5	4	Additional paragraph after 1.18	<b><u>Whilst South Derbyshire is part of the Derby HMA, the further functional links into Ashby de la Zouch in North West Leicestershire and Burton upon Trent in East Staffordshire should be recognised. Swadlincote and the southern part of the District are influenced both by</u></b>	Change to clarify the links between South Derbyshire and Ashby de la Zouch and Burton upon Trent.	SDDC

Modification Ref.	Document Page No.	Policy/ Paragraph/ Table	Modified text (deleted text shown as <del>struck through</del> , additional text shown in <b>bold</b> and SDDC comments shown in <i>italics</i> ). Modifications that arose through the Examination process are also <u>underlined</u> .	Reasons for modification	Source of modification (including representation no. if applicable)
			<b><u>Burton and Ashby. Whilst parts of North West of the District closest to the East Staffordshire border are influenced by Burton.</u></b>		
Chapter 3: A Vision and Local Plan Objectives for South Derbyshire					
MM6	11	3.1	<ul style="list-style-type: none"> <li>South Derbyshire has the fastest growing population in Derbyshire and market needs suggest that around <del>13,500</del> <b>12,618</b> additional homes are needed between 2008<del>11</del> and 2028.</li> </ul>	Change to reflect most up to date strategy.	SDDC
MM7	12	3.4	The below sets out the vision for South Derbyshire over the period <b><u>from 2011 up</u></b> to 2028:	Change to reflect most up to date strategy.	SDDC
			The strategy for growth will have delivered at least an additional <del>13,454</del> <b>12,618</b> homes over the <del>preceding twenty year plan</del> period and ensured the District's housing stock is better aligned to the needs of – and available to – everyone, irrespective of their stage of life, income or circumstances.	Change to reflect most up to date strategy.	SDDC
			To accommodate growth, brownfield land and disused buildings will be brought back into beneficial use and major <b>sustainable</b> urban extensions <del>to immediately to the south and south east of Derby</del> will have been developed, accommodating a minimum of <del>6,800</del> additional	To reflect the current strategy	SDDC

Modification Ref.	Document Page No.	Policy/ Paragraph/ Table	Modified text (deleted text shown as <del>struck through</del> , additional text shown in <b>bold</b> and SDDC comments shown in <i>italics</i> ). Modifications that arose through the Examination process are also <u>underlined</u> .	Reasons for modification	Source of modification (including representation no. if applicable)
			<del>homes and</del> providing a wide range of accommodation to meet the expanding housing needs of the City of Derby and South Derbyshire. The growth potential of Derby and these new urban extensions in particular, will have been unlocked through transport and other infrastructure improvements such as the provision of a new secondary school and other required local amenities.		
Chapter 4: Spatial Strategy – A Plan for Growth					
MM8	15	4.7	Fundamental to the strategy is the HMA's recognition that <del>neighbouring</del> Derby City is unable to make provision for all its own housing needs within its own boundary. <b><u>The City is only able to provide 11,000 dwellings over the period to 2028.</u></b>	To clarify that as well as it meeting its own housing needs, South Derbyshire is helping Derby City meet its assessed need.	SDDC
MM9	16	4.8	This means a collective approach is needed to ensure development needs across the wider Derby area are properly met. <b><u>As a result, over the plan period at least 12,618 dwellings will be built within the District, of which 9,605 dwellings are to meet South Derbyshire's objectively assessed housing need and 3,013 dwellings are in part to meet Derby City's unmet objectively assessed housing need.</u></b>  As part of that approach <b><u>this collective</u></b>		

Modification Ref.	Document Page No.	Policy/ Paragraph/ Table	Modified text (deleted text shown as <del>struck through</del> , additional text shown in <b>bold</b> and SDDC comments shown in <i>italics</i> ). Modifications that arose through the Examination process are also <u>underlined</u> .	Reasons for modification	Source of modification (including representation no. if applicable)
			<b>approach</b> , the authorities have worked together to ensure that optimum possible use is made of derelict and other previously developed sites and premises, to ensure opportunities for brownfield regeneration are taken. This will reduce the need for the loss of greenfield land particularly on the edge of Derby City, <u>although</u> to achieve the planned growth across the HMA will mean the unavoidable loss of some greenfield land.		
MM10	17-18	S1	South Derbyshire will promote sustainable growth to meet its objectively assessed housing and commercial needs in the plan period <del>of this Local Plan</del> <b>2011 – 2028</b> .	To better reflect the requirements of the NPPF.	WYG Planning and Environment (097/ 5371) Commercial Estates Group (114/5536) Garden Centre Group (125/5569)  SDDC
		S1	The two parts of the Local Plan will ensure that the economic, social and environmental objectives set out in this Plan are fully addressed: <del>by the overarching policy:</del>	The split between South Derbyshire and Derby City's housing need has been removed and added to the policy's explanatory text.	

Modification Ref.	Document Page No.	Policy/ Paragraph/ Table	Modified text (deleted text shown as <del>struck through</del> , additional text shown in <b>bold</b> and SDDC comments shown in <i>italics</i> ). Modifications that arose through the Examination process are also <u>underlined</u> .	Reasons for modification	Source of modification (including representation no. if applicable)
		S1 i)	<p>Ensuring that <del>South Derbyshire's objectively assessed housing need is met alongside providing additional housing to ensure that Derby City's needs are also met.</del> The housing split is as follows:</p> <ul style="list-style-type: none"> <li>a) <del>10,903 as South Derbyshire's need as assessed</del></li> <li>b) <del>2,551 to allow Derby City to meet its assessed need</del></li> </ul> <p>Generating a total of <del>13,454 dwellings to be built in the plan period.</del></p> <p><b><u>Over the plan period (2011 – 2028) at least 12,618 dwellings will be built within South Derbyshire.</u></b> The housing sites required will be met on a mixture of brownfield and greenfield sites with <del>brownfield land preferred where possible.</del> <b><u>encouragement given to the re-use of previously developed land.</u></b></p>		
		S1 (v)	<p><del>Through this strategy being put in place it</del> <b><u>It</u></b> is essential that the District's heritage assets,</p>	To better reflect the requirements of the NPPF	English Heritage (032 5146)

MM43	89	E1	<b>C Further development will also be supported at Dove Valley Park and Land at Sinfin Moor, in accordance with Policies E4 and E5</b>	Change following signing of Statement of Common Ground.	Statement of Common Ground between Dove Vally Park Ltd and SDDC - SD/EX/38
MM44	89	6.2	As noted in Chapter 4, net total employment land need for the plan period <b>in the remainder of South Derbyshire, beyond the Derby Urban Area, is 42.27 ha.</b> <del>is 53 ha.</del> In the interests of sustainability and to ensure that an attractive choice of sites can be offered to prospective investors, it has been determined that there should be some additional employment growth to balance planned housing growth.	To reflect the re-basing of the Local Plan to 2011.	SDDC
MM45	95	6.5	<del>The addition of these sites to the land supply on strategic sites brings the total provision for the</del>	To reflect the re-basing of the Local Plan to 2011.	SDDC

			<p>period 2008 – 2028 to around 80 ha. <b><u>For the remainder of the District beyond the Derby Urban Area the additional employment sites in the plan period will bring the total provision to around 82 hectares.</u></b></p>		
MM46	96	E2	<p>A The development of land for uses defined by classes B1(b), B1(c), B2 and B8 of the Use Classes Order will be permitted where:</p> <p>(i) the site lies within or on the edge of the Swadlincote urban area, <b><u>Derby or Burton upon Trent, or</u></b> a Key or a Local Service Village; and <del>the proposal is in scale with existing built development and will not give rise to undue impacts on the local landscape, natural environment or cultural heritage assets; or</del></p> <p>(ii) the proposal is for the expansion of an existing business; or</p> <p>(iii) the proposal is for the redevelopment of established industrial or business land or premises; <del>or</del></p> <p>(iv) <del>the site lies outside settlements and the proposal is for the reuse or</del> adaption of an existing building of substantial construction for small scale industrial and business use, including B1(a) office use, or the</p>	Additional Policy (Rural Diversification E7) written to address the concerns around this part of the policy.	SDDC (National Trust 028/5116)

			<p>replacement of an existing building with a well designed new building of equivalent scale;</p> <p>B The above criteria apply to sites other than those identified under employment policies E1, E3, E5 and E6. <b><u>All proposals under part A should be in scale with existing built development and should not give rise to undue impacts on the local landscape, natural environment or cultural heritage assets.</u></b></p>		
MM47	97	6.17-6.22	<p>6.17 Over the past fifty years the countryside has undergone significant economic change, resulting in a decline in agricultural employment and providing an impetus for rural economic diversification. In addition, much of South Derbyshire has taken on a dormitory role, providing residential accommodation away from the place of work and the provision of opportunities for employment-related development in rural areas can help to minimise the need to travel.</p> <p>6.18 The reuse or adaptation of existing redundant rural buildings can often be a means of providing suitable premises for small business at low cost whilst avoiding harm to the environment. Re-use for employment purposes will generally be preferable to use for other purposes as it can make the greatest contribution towards addressing economic needs and</p>	<p>The element of Policy E2 these paragraphs refer to, have been removed from the policy. Paragraphs 6.17, 6.18, 6.19 and 6.21 moved to explanation for policy E7.</p>	SDDC

			<p>enhancing the sustainability of rural communities.</p> <p>6.19 Such uses may be particularly well suited to listed and other buildings of historic merit, as they may involve less external change and internal subdivision than other alternative uses.</p> <p>6.20 As a general guide, the most suitable industrial and business uses outside strategic development locations in rural areas will be small in scale, providing for the employment needs of local residents and thereby minimising the need to travel. In the context of this policy, “small scale” will be taken to mean 1000m<sup>2</sup> or less, including buildings and any outdoor areas associated with the industrial or business use such as vehicle parking and loading/unloading areas. However, a flexible approach will be taken, particularly where premises are located within or close to significant areas of housing or where the opportunity exists to bring otherwise redundant rural buildings back in to use.</p> <p>6.21 Where an established building is unsuitable for industrial and business use, it may be appropriate to consider its replacement.</p> <p>6.22 In the southern part of the District, The</p>		
--	--	--	---	--	--

			National Forest has had a major positive impact on rural economic development and will continue to provide important opportunities for diversification including the establishment of new employment related to forestry, conservation, leisure and tourism.		
MM48	99	E4	<u>A</u> Land at Sinfin Moor is <del>protected against</del> <b>identified for</b> development that would <del>compromise its use</del> <b>beyond 2018</b> for Use Classes B1(b), B1(c), B2 and B8 purposes as an extension to planned new employment development <del>within Derby City</del> at Sinfin Moor.	Change following signing of Statement of Common Ground.	Statement of Common Ground signed between SDDC and Pegasus Planning on behalf of Christ Church, Oxford (034) - SD/EX/40
MM49	99	6.26	Land measuring <del>some</del> <b>around</b> 30ha is identified as <del>an</del> <b>having the potential to create a comprehensive, coordinated and well integrated</b> extension to Derby City's proposed Infinity Park <b>at Sinfin Moor. This site has the potential to deliver a part of the South Derby Integrated Transport Link and the Council envisages its delivery once a satisfactory transportation mitigation scheme has been identified and demonstrated to be deliverable. Whilst not expected to, the development of the site should not prejudice committed employment or residential development elsewhere in the area. The development of the site will be dependent upon the identification and implementation of further transport mitigation measures to accommodate the growth in travel that would be generated.</b>	Change following signing of Statement of Common Ground.	Statement of Common Ground signed between SDDC and Pegasus Planning on behalf of Christ Church, Oxford (034) - SD/EX/40

MM50	99	E5	<p><del>A Where large premises to meet the needs of single industrial and business occupants cannot be accommodated within the strategic sites identified under Employment Policy E1, provision will be made for such development on land measuring up to 28.3 ha to the north of Dove Valley Business Park.</del></p> <p><b><u>Land measuring 28.3ha, to the north of Dove Valley Business Park, is allocated for the development of large scale industrial and business units only, as defined by classes B2 and B8 of the Use Classes Order. The minimum gross internal floor area per unit will be 15,000 sqm.</u></b></p>	Change following signing of Statement of Common Ground.	Statement of Common Ground signed between Dove Valley Park and SDDC – SD/EX/38
MM51	99-100	6.27- 6.30	<p>6.27 Dove Valley Business Park has proven attractive to investors by virtue of its location in the A50 corridor, the established direct highway connection to that road and the availability of plots.</p> <p><del>6.28 A sufficient quantity of land has been identified on remaining plots at that site and Drakelow, Hilton and Swadlincote to meet the needs of the District. The sites listed under policy E1 are capable of accommodating most industrial and business development need of South Derbyshire. However, it is recognised that there is demand for the development of units of an exceptionally large scale for businesses in the manufacturing and logistic sectors, particularly in the A50 corridor, and it is important that land be</del></p>	Change following signing of Statement of Common Ground (though paragraph numbers have changed since signing)	Statement of Common Ground signed between Dove Valley Park and SDDC – SD/EX/38

			<p><b><u>identified to accommodate such needs.</u></b></p> <p>6.29 However, where no suitable opportunities can be identified within the strategic allocations, the availability of land of a suitable size and configuration to accommodate such large scale end users may offer an opportunity to attract investment that might otherwise be lost to the District. Such investment would contribute towards the national objective of supporting economic growth. <b><u>To ensure that the site is developed for its intended purpose, individual units should have a minimum gross internal floor area of 15,000 sqm. Development on the site shall be designed to mitigate potential adverse visual impacts, by such means as careful siting of buildings, control of building heights and appropriate landscaping.</u></b></p> <p><del>6.30 Development on this site shall be designed to mitigate potential adverse visual impacts, by such means as the careful siting of buildings, control of building heights and appropriate landscaping.</del></p>		
MM52	100	After the explanation of policy E6	<p><b><u>Policy E7: Rural Development</u></b></p> <p><b><u>Development proposals which diversify and expand the range of sustainable employment activities on land outside of settlement boundaries will be supported by the Council</u></b></p>	Inclusion of policy following Statement of Common Ground and discussion at the Hearings in November/December 2014.	Statement of Common Ground between Derbyshire County Council and SDDC – SD/EX/48

			<p><b><u>provided they support the social and economic needs of the rural communities in the District.</u></b></p> <p><b><u>The Council will support proposals for the re-use, conversion and replacement of existing buildings and development of new buildings where:</u></b></p> <ul style="list-style-type: none"> <li><b><u>i) it is supported by a sound business case;</u></b></li> <li><b><u>ii) the local highway network is capable of accommodating the traffic generated;</u></b></li> <li><b><u>iii) development will not give rise to any undue impacts on neighbouring land;</u></b></li> <li><b><u>iv) it is well designed and of a scale commensurate with the proposed use</u></b></li> <li><b><u>v) visual intrusion and the impact on the character of the locality is minimised.</u></b></li> </ul> <p><b><u>Explanation</u></b></p> <p><b><u>Over the past fifty years the countryside has undergone significant economic change, resulting in a decline in agricultural employment and providing an impetus for rural economic diversification. In addition, much of South Derbyshire has taken on a dormitory role, providing residential accommodation away from the place of work. Farm diversification can assist in supporting</u></b></p>		
--	--	--	--	--	--

			<p><u>economic viability and can provide jobs, helping to maintain the vitality of rural areas and reducing the need to travel.</u></p> <p><u>The reuse or adaption of existing redundant farm buildings can be a means of providing suitable premises for small business at low cost whilst avoiding harm to the environment. Re-use for employment purposes would generally be preferable to use for other purposes as it can make the greatest contribution towards addressing economic needs and enhancing the sustainability of rural communities. Such uses may be particularly well suited to listed and other buildings of historic merit, as they may involve less external change and internal subdivision than other alternative uses.</u></p> <p><u>Proposals for the economic diversification of farms should be of an appropriate scale, providing for the employment needs of local residents and thereby minimising the need to travel. A flexible approach will be taken, particularly where the opportunity exists to bring otherwise redundant buildings back into use. Where an established building is unsuitable for industrial and business use, it may be appropriate to consider its replacement.</u></p> <p><u>Where no alternative means of accommodating a business use as part of a</u></p>		
--	--	--	--	--	--

			<p><u>farm diversification scheme can be found, it may be possible to develop a new, well designed building of a commensurate scale to the use. To ensure its long term viability as business accommodation, a planning application for development of this kind should be accompanied by a full business plan and the building should be so designed as to be suitable for use by other potential business occupiers.</u></p> <p><u>For all forms of development outside of settlement boundaries, it is important that the scale of development proposals is appropriate to its surroundings to ensure that visual intrusion and impact on the character of the locality are minimised.</u></p> <p><u>Proposals for leisure and tourism development are addressed by Policy INF10.</u></p>		
Chapter 7: Sustainable Development					
MM53	101	Chapter 7	<p><i>Insert the following as the introduction to the Sustainable Development Chapter:</i></p> <p><b><u>The Brundtland Report released by the World Commission on the Environment and Development defined sustainable development as:</u></b></p> <p><b><u>“Development that meets the needs of the present without compromising the ability of future generations to meet their own needs”.</u></b></p> <p><b><u>The key priorities for delivering sustainable development are set out in the UK</u></b></p>	To provide an introduction into the purpose of the policies in the Sustainable Development Chapter of the Local plan	SDDC Barton under Needwood Parish Council (042/5592)

			<p><b><u>Government’s Sustainable Development Strategy (Securing the Future) published in March 2005. These are:</u></b></p> <ul style="list-style-type: none"> <li>▪ <b><u>Sustainable Consumption and Production</u></b></li> <li>▪ <b><u>Sustainable Communities</u></b></li> <li>▪ <b><u>Natural Resource Protection and Environmental Enhancement</u></b></li> <li>▪ <b><u>Climate Change and Energy.</u></b></li> </ul> <p><b><u>The National Planning Policy Framework states that ‘At the heart of the National Planning Policy Framework is a presumption in favour of sustainable development’. The policies included in this chapter will help ensure that future growth contributes towards the delivery of sustainable growth within the District.</u></b></p>		
MM54	101	7.1-7.5	<p>7.1 The UK Government, through the Climate Change Act (2008) has pledged to cut carbon dioxide emissions by 80% in 2050 when compared with 1990 emissions. In order to achieve this challenging target government, businesses and individuals will need to work together to reduce the amount of energy we use and increase the amount of energy we generate from low and zero carbon sources.</p> <p>7.2 Although many people have sought to improve the efficiency of their existing homes and businesses, the government is keen to ensure that new buildings are constructed to higher standards in the future in order that</p>	Deletion due to change in Government policy.	SDDC

			<p>occupants will be able to use less energy and emit less greenhouse gases. This is shifting greater costs and responsibility onto developers and it is likely that some of the increase in the cost of building to higher energy efficient standards (estimated by the government at being between £3,000 and £8,000 per house) will be passed on to the customers purchasing properties.</p> <p>7.3 In July 2007 the Government's Building a Greener Future: Policy Statement announced that all new homes would be zero carbon from 2016. In December 2008 the Government published Definition of Zero Carbon Homes and Non-Domestic Buildings Consultation which proposed an approach to deliver low carbon buildings (accepted in July 2009) based on:</p> <ul style="list-style-type: none"> <li>- Improved energy efficiency</li> <li>- A minimum level of carbon reduction to be achieved by the use of on-site (or near-site) Low and Zero Carbon (LZC) Technologies</li> <li>- 'Allowable solutions' (for example, off-site renewable electricity via direct physical connection, and exports of low carbon or renewable heat to surrounding developments)</li> </ul> <p>7.4 The Government also requires that all new non-domestic buildings should be zero carbon from 2019 (with earlier targets for schools and other public buildings).</p>		
--	--	--	---	--	--

			7.5 The targets for achieving zero carbon in buildings will be achieved via changes to the Building Regulations in 2013 and 2016 (2019 for commercial buildings)		
Chapter 8: Built and Natural Environment					
MM55	117	BNE1 A ii)	All proposals for major <b>new</b> development should perform highly when <b>will be</b> assessed against the Council's Design SPD;	Minor change to strengthen the policy	Nathaniel Lichfield on behalf of Commercial Estates Group (114/5547)
MM56	123-124	BNL3 A	The Local Planning Authority will support development which contributes <b>to the protection, enhancement, management and restoration of</b> <del>towards protecting, or improving</del> local biodiversity or geodiversity and delivering net gains in biodiversity wherever possible by:	Change to strengthen the policy	SDDC
		BNL3 A iii)	<b>Developing and maintaining</b> a District-wide <b>ecological</b> network of <b>SSSIs and</b> local wildlife sites <b>together with</b> <del>and</del> corridors <b>and stepping stone sites</b> to support the integrity of the biodiversity network,; prevent fragmentation, deliver ecosystem services and enable biodiversity to respond and adapt to the impacts of climate change.	Minor change to strengthen the policy	SDDC
		BNL3 B	Planning proposals that could <b>have a direct or indirect effect on</b> affect sites <b>with</b> identified as having potential or actual ecological or geological importance <b>including:</b> <ul style="list-style-type: none"> <li>- <b>Internationally important sites</b></li> <li>- <b>Nationally important sites (such as SSSIs)</b></li> <li>- <b>Sites of County importance (such as Local Nature Reserves, Local Wildlife Sites and Local Geological Sites)</b></li> </ul>	Minor change to strengthen the policy	SDDC

			<ul style="list-style-type: none"> <li>- <b><u>Ancient woodlands, veteran trees and hedgerows</u></b></li> <li>- <b><u>Priority habitats and species</u></b></li> </ul> <p>will need to be supported by appropriate surveys or assessments sufficient to allow the Authority to fully understand the likely impacts of the scheme and the mitigation proposed. Where mitigation measures, or exceptionally, compensation cannot sufficiently offset the significant harm resulting from the development <b><u>and/or where the development can potentially be located on an alternative site that would cause less or no harm</u></b>, planning permission will be refused.</p>		
<b>Chapter 9: Infrastructure</b>					
MM57	131	INF1	<p>A New development that is otherwise in conformity with the Local Plan but generates a requirement for infrastructure will normally be permitted if the necessary on and off-site infrastructure required to support and mitigate the impact of that development is either:</p> <ul style="list-style-type: none"> <li>i) Already in place, or</li> <li>ii) There is a reliable mechanism in place to ensure that it will be delivered in the right place, at the right time and to the standard required by the Council and its partners.</li> </ul> <p><del>B The Council will prepare a new Planning Obligations SPD to cover infrastructure and</del></p>	Change to improve clarity	SDDC

			<p>service requirements, including site-specific infrastructure, to be delivered through S106 Planning Obligations. <b><u>The Council will revise its Planning Obligations SPD to cover infrastructure and service requirements, including site-specific infrastructure, to be delivered through S106 Planning Obligations. Furthermore, once a Community Infrastructure Levy has been adopted, the Council will also operate a Community Infrastructure Levy Charging Schedule, to secure funding from new development towards infrastructure provision.</u></b></p> <p><del>C</del> Furthermore, should a Community Infrastructure Levy be adopted, the Council will also operate a Community Infrastructure Levy Charging Schedule, to secure funding from new development towards infrastructure provision, including strategic projects.</p> <p><del>D</del> <b>C</b> Where appropriate, the Council will permit developers to provide the necessary infrastructure themselves as part of their development proposals, rather than making financial contributions.</p> <p><del>E</del> <b>D</b> <del>Whilst it</del> is expected that development is appropriately supported and its effects mitigated, in the interests of sustainability<sup>72</sup>.</p> <p><del>€</del> <b>T</b>he viability of developments will also be</p>		
--	--	--	---	--	--

			considered when determining the extent and priority of <del>development-</del> <b>developer</b> contributions in line with the Infrastructure Delivery Plan.
