M4	N/A	N/A	Proposed Submission Local Green Spaces Development Plan Document (DPD) This is the 'Regulation 19' consultation for the Local Green Spaces DPD. This document is the DPD which is the Council intends to submit to the Planning Inspectorate for them to examine and determine if the DPD is considered sound. The DPD will be considered against the following soundness tests: 1— Is the Plan Positively Prepared? (i.e. is it based on a strategy which seeks to meet objectively assessed development requirements.);	To update the Plan	SDDC

			<p>2 – Is the Plan Justified? (i.e. is it an appropriate strategy, when considering reasonable alternatives, based on proportionate evidence.);</p> <p>3 – Is the Plan Effective? (i.e. are the proposals deliverable over its plan period and based on effective joint working on cross boundary strategic matters);</p> <p>4 – Is the Plan Consistent with national policy? (i.e. does it enable the delivery of sustainable development in accordance with the NPPF).</p> <p>In addition to the four tests of soundness, the Inspector will also be assessing whether or not the Local Authority has planned strategically on appropriate matters with other Local Authorities. This is known as the Duty to Co-operate.</p>

The Process for Designation					
M6	4	2.7	<p>2.7 Where the site is already protected by designations such as Green Belt, wildlife designations, or protected by established open space policies there is little merit in a further designation. Whilst it is acknowledged that such protections are often made in the interest of protecting one aspect of the site (such as important heritage features), in most cases the policy protections provided would offer a level of protection that would safeguard the site generally for the benefit of local communities. However, there are instances where there may be justification for already protected sites to be designated. This will only be considered where it can be demonstrated that additional and substantive local benefits can be secured as a result of the local green spaces designation which is not otherwise conferred by national or local plan policy. One such example of an occurrence could be where local sports provision is protected through local policy. For example the District Council has, in most instances, sought not to designate sports pitches and other formalised recreation spaces as Local Green Spaces. The justification for this rests on the fact that:</p>	To improve the clarity of the Plan.	SDDC

For example, the District Council has, in most instances, sought not to designate sports pitches and other formalised recreation spaces as Local Green Spaces. The justification for this rests on the fact that:</p> <p>1) These sites already receive a level of protection from development management policies included in the Local Plan; Policy INF6 (Community Facilities) and Policy INF9 (Open Space Sport and Recreation).</p> <p>2) A local green space designation could undermine the delivery of some qualitative improvements to some types of sports provision, for example the creation of flood lit sports pitches or installation of high mesh fencing associated with sports pitches or some play equipment.</p> <p>However, a small number of recreation grounds and sports grounds have been included where it is considered appropriate to protect their specific location, for example where it is adjacent to and used by existing schools or other community groups such as brownies, scouts, or air cadets etc., the</p>	New paragraph inserted to improve the clarity of the Plan.
