MM1	7	LGS1	Development, <u>which is in accordance with Policy BNE8,</u> will be supported on local green spaces where it will not unduly affect the openness and essential quality of the space, with particular consideration given to the scale, design and location of the proposal.
MM2	7/8	3.3-3.4	<p>3.3 The District Council has, in most instances, sought not to designate sports pitches and other formalised recreation spaces as Local Green Spaces. The justification for this rests on the fact that:</p> <p>These sites already receive a level of protection from development policies included in the Local Plan; Policy INF6 (Community Facilities) and Policy INF9 (Open Space Sport and Recreation).</p> <p>A local green space designation could undermine the delivery of some qualitative improvements to some types of sports provision, for example the creation of flood lit sports pitches or installation of high mesh fencing associated with sports pitches or some play equipment.</p> <p>3.4 However, a small number of recreation grounds and sports grounds have been included where it is considered appropriate to protect their specific location.</p>
